

Puzzled?

Is your workers' compensation practice as successful as you planned?

Have you mastered the run around received from arrogant adjusters and UR nurses?

Do you have time to keep up with all the regulatory changes?

Are you fulfilling your continuing education requirements?

If the answer is "no" to any of these questions, you aren't alone. The world of workers' compensation is challenging, requiring time, expertise, and commitment.

CSIMS can change each "no" to a "yes!"

For more than 30 years, the **California Society of Industrial Medicine and Surgery** (CSIMS) has helped physicians by providing collections expertise, continuing education opportunities, and governmental representation on issues vital to the practice of occupational medicine.

SEMINAR SPECIAL: Join CSIMS in conjunction with this seminar, and we'll apply \$100 of your tuition costs to your dues! Join by calling 800-692-4199 or visiting www.csims.net.
